ACT Rochester

An Initiative of Rochester Area
Community Foundation

ACT Rochester's purpose is to change the culture of community problem-solving and associated decision making through the use of credible, independent and timely data. This is accomplished when people LEARN about key issues, CONNECT with others in the community, and ACT to promote change. ACT Rochester is more than a warehouse for data. Staff is engaged in local initiatives to encourage the development of goals, targets and accountability so that our community can better identify and measure progress.

CREATE A DASHBOARD

Create your own Dashboard of Key Indicators

This section provides a quick, at-a-glance graphic summary of indicators for a variety of geographies and populations. Select the county, city or group of interest and display all indicators with available data, or a subset of your choosing. Dashboards can be created for racial and ethnic groups as well as regions, in order to show how different populations are faring.
